INTERNATIONAL GRADUATE TRAINEE PROGRAM

**4 COUNTRIES
IN 18 MONTHS**

FORMING PERFORMANCE
FOR ENGINEERING EXCELLENCE

INTERNATIONAL GRADUATE TRAINEE PROGRAM

4 COUNTRIES IN 18 MONTHS

THE PROGRAM

Within 18 months, you complete 4 assignments in different countries where KAMAX has production facilities. Each placement is planned and chosen carefully optimizing for business relevance, challenging nature of the tasks, and preferences of the trainee.

As a trainee, you pursue one field out of the following:

- **Industrial or Mechanical Engineering**
- **Finance/ Controlling**
- **Supply Chain Management**
- **Sales/ Application Engineering**

One placement is spent in a neighboring department. Additionally, the trainees of one year manage an international and interdisciplinary project together that addresses a current business issue at KAMAX.

The trainee group stays together for selected off-the-job trainings covering e.g. intercultural cooperation, time and project management, as well as communication skills.

You get an unlimited contract right from the start and will find challenging opportunities to further advance your career within the KAMAX Group after completing the program.

KAMAX IS ...

- a key supplier for all major manufacturers and suppliers of the passenger car and commercial vehicles industry
- technologically the world's leading manufacturer of high-strength fasteners and a competent partner for the development and production of complex cold-formed parts for mobility and beyond
- an employer combining the qualities of a corporate group with clear structures and the corporate culture of a medium-sized business with flat hierarchies and lean processes

Juliane Dietz

- Project Engineer
- Graduate Trainee Supply Chain Management 2016/17

"From day one I took on responsibility for individual as well as team projects. The program was a unique experience that has immensely pushed my professional and personal development."
